A Peak Inside Our Housing Initiatives...

Emergency Housing Quads

Our two, 4 bedroom/4 bathroom, temporary emergency housing condos are now fully operational! These condos serve as bridge housing for young adults transitioning out of foster care who are homeless and awaiting permanent housing. It's working! **Our first tenants were immediately housed in this beautiful and safe space, and moved on to their own apartment in 4-5 months.**

Hope Village at Method

Hope Village at Method, our housing partnership with CASA North Carolina dedicated to **permanently housing** our young adults, is fully leased with 8 of our Transition Program clients and 1 Community Life Coordinator! Hope Village at Method also hosts programming events open to all clients and community gatherings for residents.

Good news travels fast. At the end of the program year, we had the largest waitlist for services in Hope Center history, primarily due to word of mouth referrals from our youth. Help us build the capacity we need to create room for these young adults to start their journeys to stability with HCP.
